Hyderabad, Telangana, India

PROFESSIONAL SUMMARY

Results-driven Computer Science graduate student with hands-on experience in full-stack web development, cloud platforms, and database management. Proven track record of developing scalable applications serving 500+ users and leading technical teams. Skilled in Python, Java, Flask, Django, and cloud technologies with strong expertise in REST API development and database optimization.

EXPERIENCE

• Mantarang Edtech LLP

Python Developer Intern

April 2025 - June 2025

Hyderabad, Telangana, India

- Architected Flask-based attendance tracking system managing 500+ users, reducing administrative processing time by 7 hours weekly.
- Designed and optimized relational database using PostgreSQL and SQLite with 12+ tables supporting 3 distinct user roles and 50+ data relationships.
- Developed automated SMS and email notification system processing 200+ daily alerts, reducing manual verification by 60% and accelerating response time by 85%.
- Collaborated with 8-member cross-functional team implementing JWT-based authentication, achieving 99.9% system security compliance.
- Created comprehensive technical documentation spanning 25+ pages, accelerating onboarding time for new developers by 40%.
- Implemented RESTful APIs and database optimization techniques to improve system performance.

EDUCATION

• Osmania University

Master of Science (M.Sc) - Computer Science

Expected Graduation: August 2026

Hyderabad, Telangana, India

- Relevant Coursework: Operating Systems, Advanced Java, Automata Theory, Computer Networks, Data Structures and Algorithms, Python

• Sree Anantha Padmanabha College (Osmania University)

Bachelor of Science (B.Sc) - Mathematics, Physics, Computer Science

Graduated: August 2024

Hyderabad, Telangana, India

- GPA: 8.47/10.0
- Relevant Coursework: C, C++, Data Structures and Algorithms, Database Management Systems, Web Development

PROJECTS

• NGO Full-Stack Web Application (In Development) [\[Website\]](#)

In Development

Technologies: React, TypeScript, Node.js, Express, Prisma, SQLite, Tailwind CSS, Vite, Git, GitHub

- Engineered a secure Node.js/Express backend, implementing robust security measures (Helmet, CORS, CSRF, session cookies) to protect user data and application integrity.
- Designed and built 25+ RESTful API endpoints using Prisma ORM for core functionalities including secure user authentication, donation processing, and dynamic content management.
- Architected a full-stack solution featuring a dynamic public portal (Vite, React, TypeScript) and a secure admin dashboard for managing 6+ core data models (donations, programs, user stories).
- Streamlined development and deployment workflows by automating database migrations and seeding (using Prisma) for consistent environment setup and initial admin provisioning.
- Leveraged Vite and Tailwind CSS to build a fully responsive, high-performance frontend, optimizing for rapid development cycles and ensuring cross-browser compatibility.

• Academy Attendance Portal [\[Github\]](#)

April 2025 - June

Technologies: Flask, Python, SQLAlchemy, Flask-Login, Flask-WTF, Jinja2, Bootstrap 5, SQLite/PostgreSQL, Nginx, Unicorn, Git

- Developed a full-stack, role-based Flask dashboard serving 500+ users across 4 roles (Student, Parent, Teacher, Admin) with secure authentication, attendance tracking, and announcements.
- Architected a modular Flask application using Blueprints, SQLAlchemy models, and Jinja2 templates; implemented RBAC, CSRF protection, and validated file uploads.
- Built and documented 15+ RESTful APIs for attendance and user management, processing over 2,000 daily requests and boosting data access efficiency by 40%.

- Authored comprehensive documentation (Architecture, API, Deployment) and created one-command setup scripts (Windows/Linux), enabling rapid developer onboarding.
- **Visual Studio Code UI Clone** N/A
Technologies: HTML5, CSS3, JavaScript ES6+, Git, GitHub Pages
 - Developed pixel-perfect VS Code interface with 95% accuracy using vanilla HTML, CSS, and JavaScript, replicating 8+ complex UI components and 5 core functionalities.
 - Implemented responsive design supporting 6+ screen sizes from mobile to 4K, delivering 100% cross-device compatibility.
 - Optimized code performance with lazy loading and efficient DOM manipulation, accelerating page load speed by 40% (from 2.1s to 1.3s).
 - Enhanced user experience for 1,500+ monthly visitors, driving 25% increase in user retention and reducing bounce rate by 40%.

SKILLS

- **Programming Languages:** Python, Java, C, C++, JavaScript, TypeScript, SQL, Bash
- **Web Development:** HTML5, CSS3, Bootstrap 5, Flask, Flask-Login, Flask-WTF, Django, Node.js, Express, React, Vite, Jinja2, REST APIs, Tailwind CSS
- **Cloud Platforms:** Google Cloud Platform (GCP), Microsoft Azure
- **Databases:** MySQL, SQLite, PostgreSQL, SQLAlchemy, Prisma (ORM)
- **Development Tools:** Git, GitHub, VS Code, Postman, Figma, Docker, Nginx, Gunicorn
- **Core Technologies:** Data Structures and Algorithms, Object-Oriented Programming, Computer Networks, Distributed Systems, Agile Development, Unit Testing, Version Control
- **Operating Systems:** Linux, Unix
- **Additional Skills:** Strong problem-solving and analytical thinking abilities, Excellent communication and teamwork skills, Experience with Agile development methodologies, Knowledge of software development lifecycle (SDLC), Proficient in code review and quality assurance processes, Experience with version control systems and collaborative development, Understanding of cybersecurity principles and secure coding practices

LEADERSHIP EXPERIENCE

- **Member - React Club, Osmania University** 2024 - Present
Osmania University
 - Spearheaded 12+ team-led web development projects reaching 200+ students.
 - Delivered 8+ technical workshops on React and modern JavaScript, driving 30% club membership growth.
 - Orchestrated 3 major hackathon projects with 95% success rate in prototype delivery.
 - Mentored junior developers in modern web development technologies and best practices.

VOLUNTEER EXPERIENCE

- **Volunteer - Mahima Ministries** August 2017 - Present
Hyderabad, Telangana, India
 - Championed support initiatives for 50+ children and elderly residents.
 - Directed 15+ community outreach programs and coordinated 200+ volunteer hours annually.
 - Mentored 25+ at-risk youth in educational activities and personal development.
 - Managed 10-person volunteer teams during crisis response initiatives, demonstrating strong leadership and organizational skills.

CERTIFICATIONS

- **Google Cloud Innovator** Google
- **Microsoft Azure Fundamentals** Microsoft
- **Introduction to Data Science** Cisco
- **Introduction to Cybersecurity** Cisco Networking Academy
- **Generative AI and Ethics in AI** LinkedIn Learning
